Career Objective:

As a Frontend Developer I am skilled in HTML, CSS, JavaScript, React, Redux, GSAP, ScrollTrigger and Locomotive, excited to create user-friendly websites. Eager to learn and grow, I am ready to contribute my skills and enthusiasm to creating engaging web experiences.

Technical Skills:

- **Languages:** HTML | CSS | JavaScript | React | Github.
- **Familiar skills:** Core Java
- **DataBase:** SQL.

Soft Skills:

- Problem-solving
- Good Communication
- Adaptability

Projects:

Portfolio Website   Website LInk
- I created a portfolio website using HTML, CSS, JavaScript, GSAP, and Locomotive Scroll to showcase my frontend development skills.
- The site features a responsive design, smooth scrolling effect, and animations to enhance the user experience. It includes sections for projects, skills, and contact information, all optimised for various devices.

Cred App Website   Website LInk
- To develop my skills, a personal project of Cred App website was made by using HTML, CSS, JavaScript, and GSAP.

Energym Website Template   Website LInk
- To polish my CSS skills, I constructed an ENERGYM Website Template using HTML and CSS.

Amazon Website Template   Website LInk
- Amazon Website Template is my first project and I constructed this project to use the learned skills of HTML and CSS.
